My-Portfolio

PROFESSIONAL SUMMARY

Skilled in **Python, C++, JavaScript, HTML, and CSS**. Currently expanding expertise in **Machine Learning** with hands-on experience in **NumPy** and **Pandas**. Knowledgeable in **Software Development, Quality Assurance, and Software Testing**. Eager to leverage software development skills and machine learning knowledge to contribute effectively to the team.

EDUCATION

- Computer Science and Engineering (AIML) B. Tech -** CGPA: 7.5
Narula Institute of Technology
- Higher Secondary (12th) -** Percentage: 94.6% (Score: 96 in Mathematics)
Egra Jhatulal High School
- Secondary (10th) -** Percentage: 88.27% (Score: 100 in Mathematics)
Gyandeep Vidyapith

TECHNICAL SKILLS

- Programming Languages:** Python, C++, JavaScript, HTML/CSS
- Database:** MySQL, SQL
- Expertise/Learner:** Machine Learning, Data Science
- Documentation:** Test Case Design, Test Scenario Documentation, Bug Reports, Test Plan Documentation
- Technologies/Frameworks:** Cloud, React.js, GitHub, WordPress
- Developer Tools:** VS Code, Jupyter Notebook, Google Colab, Kaggle, CMD
- Office Tools:** MS Word, MS Excel, MS PowerPoint

EXPERIENCE

- Pinnacle Labs | Python Development (Internship)** July 2024 - AUG 2024
 - Developed a Realtime Weather Application | *Python, APIs*

PROJECTS / OPEN-SOURCE

- Credit Card Default Prediction** | *Python, Pandas, scikit-learn*
- Flight Price Prediction** | *Python, Pandas, scikit-learn*
- DevTools Payment Page Manual Test from Juspay (QA)** | *Manual Testing, Quality Assurance*
- Stock Market Predictions Using Linear Regression** | *Python, Pandas, scikit-learn*
- Weather Forecast** | *Python, APIs*
- Heart Disease Prediction Using Logistic Regression** | *Python, Pandas, scikit-learn*

RELEVANT COURSEWORK

- Machine Learning**
- Database Management**
- Data Structures**
- Algorithms**
- AI/ML Foundations**
- Object Oriented Programming**
- Linear Algebra, Probability, Statistics**
- Problem-Solving**
- Strong Communication**

CERTIFICATIONS

- Machine Learning with Python (with Honors)- IBM 2024
- Full Stack Development- ARDENT 2024
- 30 hours Training Programme on Python Programming- Euphoria 2023
- Object-Oriented Data Structures in C++- University of Illinois 2022
- Writing Skills for Engineering Leaders- Rice University 2021
